

# ***Technology and Invention***

## ***Entertainment***

*Photographs can be enlarged at the Biggest Family Album web site.*

1. Look at these two photographs. Describe features of the gramophone and record player.

2. Comment on the people in each photo.

3. What inventions have replaced gramophones for listening to music today?

4. What do these next two photographs show about changes to radio design?

5. What has replaced the radio as a centre of home entertainment?
