

Dr. Thomas H. Rich
PUBLICATIONS*

1967

with Jensen, L.C. & Lindgren, F.T. Graphic presentation of computer-derived Schlieren lipoprotein data. *Semi-annual Report, Biology and Medicine, Lawrence Radiation Laboratory, University of California, Berkeley, California, Fall 1967*:85-88.

with Windsor, A.A., Doyle, R.E. & Lindgren, F.T. Automatic accelerations and speed control for an analytic ultracentrifuge. *The Review of Scientific Instruments* 38(7):949-952.

1968

Second specimen of *Alzadasaurus pembertoni*. *Geol. Soc. Amer. Spec. Pap.* 101:330.

1971

Deltatheridia, Carnivora, and Condylarthra (Mammalia) of the early Eocene, Paris Basin, France. *Univ. Calif. Publ. Geol. Sci.* 88:1-72.

and Rich, P.V. *Brachyerix*, a Miocene hedgehog from western North America, with a description of the tympanic regions of *Paraechinus* and *Podogymnura*. *Amer. Mus. Novitates* no. 2477:1-58.

1973

and Collinson, J.W. First mammalian fossil from the Flagstaff Limestone, Central Utah: *Vulpavus australis* (Carnivora: Miacidae). *Jour. Paleontology* 47(5):854-860.

and Rasmussen, D.L. New erinaceine hedgehogs from North America (Insectivora: Mammalia). *Occ. Papers Mus. Nat. Hist. Kansas* No. 20:1-54.

1975

21 potential pre-Pleistocene fossil tetrapod sites in New Zealand. *Mauri Ora* 3:45-54.

and Patton, T.H. First record of a fossil hedgehog from Florida (Erinaceidae: Mammalia). *Jour. Mamm.* 56:692-696.

*On multi-authored papers where T. Rich is a junior author, the author list begins with the word "with"; where he is senior author, the author list begins with the word "and".

1976

Recent fossil discoveries in Victoria. *Vic. Naturalist* 93:198-208.

1978

with Gillespie, R., Horton, D.R., Ladd, P., Macumber, P.G., Thorne, R. & Wright, R.V.S. Lancefield swamp and the extinction of the Australian megafauna. *Science* 200:1044-1046.

and Archer, M. & Tedford, R.H. *Raemeotherium yatkolai*, gen. et sp. nov., a primitive diprotodontid from the medial Miocene of South Australia. *Mem. Nat. Mus. Vic.* 39:85-91.

1979

and Archer, M. *Namilamadeta snideri*, a new diprotodontan (Marsupialia: Vombatoidea) from the medial Miocene of South Australia. *Alcheringa* 3:197-208.

and Archer, M. *Wakamatha tasselli* gen. et sp. nov., a fossil dasyurid (Marsupialia) from South Australia convergent on modern *Sminthopsis*. *Mem. Qld. Mus.* 19:309-317.

and Hall, B. Rebuilding a giant. *Aust. Nat. Hist.* 19:310-313.

and Rich, P.V. *et al.* A deceptive Quaternary vertebrate fossil site on the Waipara River, North Canterbury, New Zealand. In: Anderson, A. (ed.) *Birds of a Feather: Osteological and archaeological papers from the South Pacific in honour of R.J. Scarlett.* *New Zealand Archaeol. Assoc. Monogr.* 22, BAR Internat. Ser. 62:25-52.

1980

The Early Pliocene Hamilton Fauna. *Abs. Bur. Min. Res. Geol. Geophys. Rec.* 67:61-62.

1981

with Molnar, R.E. & Flannery, T.F. An allosaurid dinosaur from the Cretaceous of Victoria, Australia. *Alcheringa* 5:141-146.

Origin and history of the Erinaceinae and Brachyericinae (Mammalia: Insectivora) in North America. *Bull. Amer. Mus. Nat. Hist.* 171:1-116.

and Flannery, T.F. Dinosaur digging in Victoria. *Aust. Nat. Hist.* 20:195-198.

Australia's largest marsupial, *Diprotodon*, its ancestry, palaeobiology and extinction. *Sci. Teachers Assoc. Victoria. Lab Talk Special Feature No.* 34:21-26.

1982

and Archer, M. Results of the Ray E. Lemley expeditions. *Wakaleo alcootaensis* n. sp. (Thylacoleonidae: Marsupialia), a new marsupial lion from the Miocene of the Northern Territory with a consideration of early radiation in the family. In: Archer, M. (ed.), *Carnivorous Marsupials*. Roy. Zool. Soc. N.S.W., Sydney: 495-502.

with Chow, M. *Shuotherium dongi*, gen. et sp. nov., a therian with pseudotribosphenic molars from the Jurassic of Sichuan, China. *Aust. Mamm.* 5:127-142.

Monotremes, Placentals, and Marsupials: their record in Australia and its biases. In: Rich, P.V. & Thompson, E.M. (eds.), *The Fossil Vertebrate Record of Australasia*. Monash Univ. Offset Printing Unit, Clayton: 385-478.

and Archer, M. *et al.* Australian Tertiary mammal localities. *Ibid.*: 525-572.

and Hope, J.H. *et al.* Literature references to the fossil terrestrial mammals of Australia and New Guinea. *Ibid.*: 573-594.

and Rich, P.V. Search for fossils in New Zealand and Australia. *Nat. Geog. Soc. Res. Reports* 14:557-568.

1983

with Burke, A.C. & Gaffney, E.S. Miocene turtles from Lake Tarkarooloo, South Australia. *Alcheringa* 7:151-154.

and Zhang, Y.-P. & Hand, S.J. Insectivores and a bat from the early Oligocene Caijiachong Formation of Yunnan, China. *Aust. Mamm.* 6:61-75.

with Rich, P.V. The Central American dispersal route: biotic history and paleogeography. In: Janzen, D.H. (ed.), *Costa Rican Natural History*. Univ. Chicago Press, Chicago: 12-34.

The ancient butcher *Megalania prisca*, pp. 38-39; and The largest marsupial *Diprotodon optatum*, pp. 62-63. In: Quirk, S. & Archer, M. (eds.), *Prehistoric Animals of Australia*, Australian Museum, Sydney.

1984

and Molnar, R.E. & Rich, P.V. Fossil vertebrates from the Late Jurassic or Early Cretaceous Kirkwood Formation, Algoa Basin, Southern Africa. *Trans. Geol. Soc. S. Afr.* 86:281-291.

with Chow, M. A new triconodontan (Mammalia) from the Jurassic of China. *Jour. Vert. Paleo.* 3:226-231.

1985

and Rich, P.V. Search for Gondwana Late Mesozoic Mammals and Birds. *Nat. Geog. Soc. Res. Reports* 18:643-649.

with Molnar, R.E. & Flannery, T.F. Aussie *Allosaurus* after all. *Jour. Paleo.* 59:1511-1513.

with Rowley, M., Rich, P., & Mackay, I. Detection of collagen in Australian fossils by radioimmunoassay and immunoblotting. *Abs. Aust. Soc. Immunol. Ann. Meeting*, Queenstown, N.Z.

with Rich, P.V. Plesiosauridae, the Andamooka Sea Monster. In: Rich, P.V. & van Tets, G.F. (eds.), *Kadimakara; The History of Australia's Backboned Animals*. Pioneer Design Studio, Lilydale: 143-146.

Megalania prisca, the Giant Goanna. In: Rich, P.V. & van Tets, G.F. (eds.), *Kadimakara; The History of Australia's Backboned Animals*. Pioneer Design Studio, Lilydale: 152-155.

with Aplin, K.A. *Wynyardia bassiana*, the Wynyard Marsupial. In: Rich, P.V. & van Tets, G.F. (eds.), *Kadimakara; The History of Australia's Backboned Animals*. Pioneer Design Studio, Lilydale: 219-224.

Diprotodon. In: Rich, P.V. & van Tets, G.F. (eds.), *Kadimakara; The History of Australia's Backboned Animals*. Pioneer Design Studio, Lilydale: 240-244.

1986

with Flannery, T. Macropodoids from the middle Miocene Namba Formation, South Australia, and the homology of some dental structures in kangaroos. *Jour. Paleo.* 60:418-447.

Darcius duggani, a new ektopodontid (Marsupialia: Phalangeroidea) from the early Pliocene Hamilton local fauna, Australia. In: Woodburne, M.O. & Clemens, W.A. (eds.), Revision of the Ektopodontidae (Mammalia: Marsupialia: Phalangeroidea) of the Australian Neogene. *Univ. Calif. Publ. Geol. Sci.* 131:68-74.

with Woodburne, M.O., Campbell, C.R. & Pledge, N.S. Geology, stratigraphy, paleoecology. In: Woodburne, M.O. & Clemens, W.A. (eds.), Revision of the Ektopodontidae (Mammalia: Marsupialia: Phalangeroidea) of the Australian Neogene. *Univ. Calif. Publ. Geol. Sci.* 131:75-86.

Four hours hunting fossils in the Simpson Desert. *Heritage Australia* Spring: 39-41.

1987

- Cretaceous kangaroo mimics; Hypsilophodontidae and Camptosauridae. In: Hand, S.V. & Archer, M. (eds.) *The Antipodean Ark*. Angus & Robertson, Sydney: 40-42.
- with Werdelin, L. Daggdjurens liv i dinosauriernas skugga. *Forskning och Framsteg* Nr 1/87:44-48.
- with MacFadden, B.J., Whitelaw, M.J. & McFadden, P. Magnetic polarity stratigraphy of the Pleistocene section at Portland (Victoria), Australia. *Quat. Res.* 28:364-373.
- with Rich, P.V., van Tets, G.F. & McEvey, A.R. The Pliocene and Quaternary flamingoes of Australia. *Mem. Qld. Mus.* 25:207-225.
- and Rich, P.V. New specimens of *Ngapakaldia* (Marsupialia: Diprotodontoidea) and taxonomic diversity in medial Miocene palorchestines. Chap. 26:467-476. In: Archer, M. (ed.), *Possums and Opposums; Studies in Evolution*. Surrey, Beatty & Sons, and the Roy. Zool. Soc. N.S.W., Sydney.
- with Flannery, T.F., Turnbull, W.D. & Lundelius, E.L. The Phalangerids (Marsupialia: Phalangeridae) of the early Pliocene Hamilton local fauna, southwestern Victoria. Chap. 30:537-546. In: Archer, M. (ed.), *Possums and Opposums; Studies in Evolution*. Surrey, Beatty & Sons, and the Roy. Zool. Soc. N.S.W., Sydney.
- with Archer, M. & Tedford, R.H. The Pilkipildridae, a new family and four new species of petauroid possums (Marsupialia: Phalangerida) from the Australian Miocene. Chap. 36:607-627. In: Archer, M. (ed.), *Possums and Opposums; Studies in Evolution*. Surrey, Beatty & Sons, and the Roy. Zool. Soc. N.S.W., Sydney.
- with Rowley, M.J., Rich, P.V. & MacKay, I.R. Immunoreactive collagen in avian and mammalian fossils. *Naturwissenschaften* 73:620-622.
- with Turnbull, W.D. & Lundelius, E.L. The petaurids (Marsupialia: Petauridae) of the early Pliocene Hamilton local fauna, southwestern Victoria. Chap. 37:629-638. In: Archer, M. (ed.), *Possums and Opposums; Studies in Evolution*. Surrey, Beatty & Sons, and the Roy. Zool. Soc. N.S.W., Sydney.
- with Turnbull, W.D. & Lundelius, E.L. Pseudocheirids (Marsupialia: Pseudocheiridae) of the early Pliocene Hamilton local fauna, southwestern Victoria. Chap. 40:689-713. In: Archer, M. (ed.), *Possums and Opposums; Studies in Evolution*. Surrey, Beatty & Sons, and the Roy. Zool. Soc. N.S.W., Sydney.
- with Turnbull, W.D. & Lundelius, E.L. Burramyids (Marsupialia: Burramyidae) of the early Pliocene Hamilton local fauna, southwestern Victoria. Chap. 43:729-739. In: Archer, M. (ed.), *Possums and Opposums; Studies in*

Evolution. Surrey, Beatty & Sons, and the Roy. Zool. Soc. N.S.W., Sydney.

and Fortelius, M., Rich, P.V. & Hooijer, D.A. The supposed *Zygomaturus* from New Caledonia is a rhinoceros: a second solution to an enigma and its palaeogeographic consequences. Chap. 47:769-778. In: Archer, M. (ed.), *Possums and Opossums; Studies in Evolution*. Surrey, Beatty & Sons, and the Roy. Zool. Soc. N.S.W., Sydney.

1988

with Legendre, S., Rich, P.V., Knox, G.J., Punyaprasiddhi, Trumpy, D.M. & Napawongse Newman, P. Miocene vertebrates from Thai Shell Exploration and Production Company's Nong-Hen-1(A) Exploration Well, Phitsanulok Basin, Thailand. *Jour. Vert. Paleo.* 18:278-298.

with Lester, K.S., Archer, M. & Gilkeson, C. Enamel of *Yalkaparidon coheni* (Yalkaparidontia): a distinctive order of Miocene Zalambdodont marsupials. *Scanning Microscopy* 12:1491-1501.

and Rich, P.V. The early Cretaceous tetrapod assemblage of Victoria. In: Douglas, J. & Ferguson, J.A. (eds.), *Geology of Victoria*. Geological Society of Australia, Sydney: 240-243.

with Rich, P.V., Wagstaff, B., McEwen Mason, J., Douthitt, R.T., Gregory, R.T. & Felton, A. Evidence for low temperatures and biologic diversity in Cretaceous high latitudes of Australia. *Science* 242:1403-1406.

1989

and Flannery, T.F. & Archer, M. A second Cretaceous mammalian specimen from Lightning Ridge, N.S.W. *Alcheringa* 13:85-88.

and Rich, P.V. Polar dinosaurs and biotas of the early Cretaceous of southeastern Australia. *Nat. Geog. Soc. Res. Rep.* 5:15-53.
